The Hebrew University of Jerusalem
Einstein Institute of Mathematics

The Annual Lecture Series in Topology & Geometry
in memory of
Prof. Alexander Zabrodsky

Prof. Kenji Fukaya
(Simons Center for Geometry and Physics)
will deliver three lectures:

**Instanton Floer homology for 3 manifold with boundary**

*Thursday, March 24, 2022, 14:30*
*Manchester House, Lecture Hall 2, Edmond J. Safra Campus*

**Lagrangian correspondence, A infinity functor and a completion of filtered A infinity category**

*Sunday, March 27, 2022, 12:00*
*Ross Building, Room 70A, Edmond J. Safra Campus*

**Lagrangian correspondence, A infinity functor and a completion of filtered A infinity category**

*Wednesday, March 30, 2022, 12:00*
*Ross Building, Room 70A, Edmond J. Safra Campus*

Café break with light refreshments will be served after the colloquium lecture

Institute of Mathematics, Edmond J. Safra Campus, Givat Ram, Jerusalem.
